## additional information:

Graphic requires 8 grommets with 0.45" (11.5mm) recommended minimum internal diameter. Graphics secured to frame with elastic bungee cords, included.

Approximately 30" between grommets

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications.

## Set-up

Open all the end  
and center 'A' frames

1

Push each locking arm down  
to secure the frame

2

Push fit the top horizontal tubes  
into the 'A' frames, ensure the  
plastic joiners face inwards

3

Push fit the bottom horizontal tubes  
into the 'A' frames, ensure the plastic  
joiners face inwards

4

## Graphic attachment

Pass the elastic bungee cord  
through the graphic eyelet

1

Secure elastic bungee around the  
frame with hook

2

Corner eyelets require a bungee  
cord loop around the top and side  
of the frame to properly secure

3
