

Outdoor Double Sided Banner Stand

Instructions

1. Stand base and parts.

2. Add weight by pouring water into the base.

3. Insert the silver pole into the base.

4. Install the 4 bottom poles (4 smaller poles) and the 2 top poles (2 thin longer poles).

5. Open and close the clip to adjust the height of the pole.

6. Install the graphic.

7. Completed frame. To use as a double-sided outdoor frame, install another graphic on the other side.
